

Alaska's Rainforest Islands

www.alaskarainforestislands.com

Ancient Forests, Countless Islands, Friendly Towns, Living Culture ...

Wrangell — *Vacation of a Lifetime*

One of Alaska's oldest communities — Gateway to the Stikine River and thrilling excursions. Today, while relatively undiscovered, Wrangell is home to glorious scenery, great sport fishing, ancient petroglyphs and some of the best bear viewing in the state!

WILDLIFE, MARINE LIFE, BIRDING & GLACIERS

- Bear Viewing at Anan Creek
- Eagles Galore!
- LeConte Glacier
- Kayaking & Canoeing

Petersburg — *The Alaska You Dream of*

Wildlife, abundant fishing, and breathtaking panoramic views are a way of life here, along with the warmth and charm of its Norwegian roots. The LeConte Glacier, the southernmost active

tidewater glacier in North America, along with some of the best humpback whale viewing, add to Petersburg's "musts," along with first-class sport fishing for salmon and halibut.

Prince of Wales Island — *America's Third Largest Island* ...and only 4500 people living there!

Prince of Wales Island IS Alaska — very few people, world-class fishing, spectacular wildlife viewing, karst caves... and nearly 1,000 miles of road for ample access to camping, biking, hiking, or canoeing. Truly Alaska's most spectacular wildernesses for more than a decade.
